

Introduction to Environmental Engineering

TeachEngineering

Project

See the types of problems that environmental engineers solve, specifically focusing on air and land quality issues.

Suggested Learning					
Time	00 : 45	Cost	0.00		
PreRequisites					
Requirements					
Skills					
		Focus	Level	Standard	Points
	Applied Science			NGSS	2
	Written Communication			CC	1
	Mathematics			CC	1
	Chemistry				1
Total Skill Points					5
Knowledge Gain					
Define what environmental engineers do and identify current problems they face. Describe sources and consequences of poor air quality as well as ways to reduce air pollution.
