

## Crash Course!

### PBLWorks

#### Design

Identify situations in which individuals need protection from collisions or impact and then propose and build protective solutions.

Suggested Learning					
Time	20 : 00	Cost	0.00		
PreRequisites					
Requirements					
Skills		Focus	Level	Standard	Points
	Engineering Design				52
	Physics				52
	Prototyping				37
	Product Evaluation				37
	Technical Writing				10
<b>Total Skill Points</b>					<b>188</b>
Knowledge Gain					
Learn concepts of Newtonian physics and apply those concepts to the analysis of the type of collision and the design of their solutions.
